Relax with the Zodiac LM3

LM3

The Ultimate
Salt Water Chlorinator

www.zodiac.com.au

 **CLEARWATER**
World's leading salt water chlorinators

ZODIAC

"Set and forget" chlorine output levels.

Flexibility to set high output levels for weekends & periods of high bather load, and lower levels for Weekdays.

Superchlorinate at the touch of a button. Fast and convenient method of boosting chlorine levels in periods of heavy pool use or extreme increases in temperature.

Power Bubble Observation point that allows you to see the effective output of the cell at a glance.

Advanced electrode technology maximises water flow and chlorine production.

Breakthrough salt water chlorinator technology minimises potential of calcium build-up.

BREAKTHROUGH SALT WATER CHLORINATOR TECHNOLOGY

Zodiac has expanded the horizon of pool water treatment to bring you the ultimate salt water chlorinator, LM3. Its state-of-the-art cell is stylish and maximises the efficient sanitation of your pool water.

The Zodiac LM3 salt water chlorinator allows you to set and forget your level of chlorine output. For periods of heavy bather load, or extreme temperatures, a simple Super Chlorinate function will make keeping your pool sanitised simple. Boost your chlorine output with one press of the Super Chlorinate button. The LM3 will automatically adjust itself back to pre-set levels after 24 hours.

SELF CLEANING OPERATION

Zodiac LM3 is the next generation of self cleaning salt water chlorinator technology, featuring electrode technology that further reduces calcium (or scale) build-up. A process that otherwise would require you to perform regular maintenance, cleaning your cell.

The Zodiac LM3 will reduce time spent on regular maintenance, leaving you to relax and enjoy your swimming pool.

LM3 BENEFITS:

- ✓ Set and forget operation
- ✓ Advanced electrode technology for maximum sanitation
- ✓ Self cleaning cell
- ✓ Super Chlorinate function to boost chlorine levels
- ✓ Digital time switch for continuous and automatic operation
- ✓ Models to cater for pools up to 160,000 litres (in temperate climates)
- ✓ Simple touch pad controls
- ✓ Easy installation
- ✓ Reduces time spent on maintenance
- ✓ Covered by Zodiac Warranty and backed by Clearwater Technology

LM3 Chlorine Output

Model	Chlorine Output (gas)	Equivalent Granular Chlorine Produced in 8 hrs
LM3 15	15gm/hr	185gm
LM3 20	20gm/hr	245gm
LM3 24	24gm/hr	295gm
LM3 30	30gm/hr	365gm
LM3 40	40gm/hr	490gm

Zodiac recommends the following water chemistry readings for optimal performance of any pool equipment

	Free Chlorine	pH	Total Alkalinity (ppm)	Calcium Hardness(ppm)	Cyanuric Acid (ppm)
Australian Standard	1 - 3 ppm	7.2 - 7.8	80 - 300	90 - 300	30 - 50
Ideal reading/range	1 - 3 ppm	7.5	80 - 140	150 - 175	50
To increase*	Add chlorine or increase output of equipment	Add buffer or soda ash (sodium carbonate)	Add sodium bicarbonate	Add sodium calcium chloride	Add cyanuric acid
To decrease*		Add muriatic acid	Add muriatic acid or dry acid	Partially drain & refill pool	Partially drain & refill pool

*When using chemicals, always follow manufacturers directions and follow the advice of your pool professional. Always use protective clothing, gloves & glasses. Store & use chemicals out of the reach of children.

The Zodiac Warranty: The Control Unit carries a Full Two Year Warranty and the Electrode carries a Five Year Warranty (12 months Full Warranty followed by a further 48 months Pro-rata Warranty)
